## ARUBA'S FIRST TRAFFIC LIGHTS CATCHES ATTENTION OF CANADIANS

Included in the July 24 edition of the Toronto Daily Star in Canada, was the following article:

"August 2 will be an important date for Aruba in the Caribbean. That's when the island's first traffic signal goes into operation. But tourists who visit Aruba to get away from it all shouldn't panic. This light is installed so children can cross safely to their new school which adjoins a heavily travelled road." This news clipping was sent to Lago by an ex-Lago employee, Kelly Tong.

## RAINFALL REPORT

Last week was a very dry week. The Laboratories reported no rainfall. During a similar period last year, we had 0.300 inch of rain.
